Product Overview

The **Central Base Station** is a SimplySNAP component that can be installed anywhere you need wireless push-button lighting control, such as municipal ball parks, hockey arenas, basketball facilities, and other multi-use sports complexes.

The heart of the Central Base Station is the SS420 site controller, contained in a NEMA 4X enclosure. A bank of 5 buttons allows for controlled manual access to site lighting controls.

Features

- 5-button switch for easy control of all lights
- Allows for controlled manual access to a SimplySNAP lighting system
- Weather protected — perfect for sporting venues

Great for Sporting Venues
